ABOUT ME

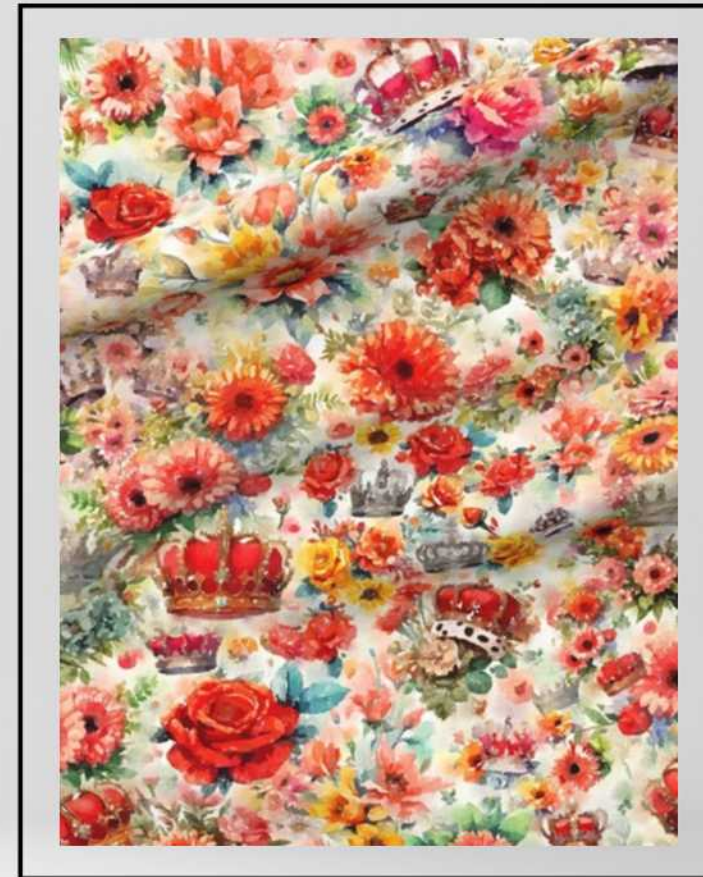

I'm an interior designer based in beautiful British Columbia, Canada, and have been designing professionally since 2009. In 2023, I discovered a deep passion for surface pattern design, it became a natural extension of my creative world. I love layering harmonious patterns within a space, and designing my own prints allows me the freedom to create the exact colors and moods I envision.

MORE THAN JUST DESIGN

Thank you for taking the time to explore this catalog and for considering a pattern that I've lovingly created. Perhaps you're looking for ready to use designs or something custom for your home or project. I truly enjoy collaborating with clients to bring their vision to life. There's nothing more rewarding than helping someone achieve exactly what they were dreaming of.

COORDINATES

Many of the patterns in this catalog are shown alongside coordinating solids and stripes that have been carefully color matched for a seamless look. These pairings are perfect for mixing and layering across projects. If you see a pattern that doesn't appear to have coordinating options, please feel free to reach out. I'd be happy to create custom matches and send swatches of solid colors or stripes that complement your chosen design.

BLACK & WHITE

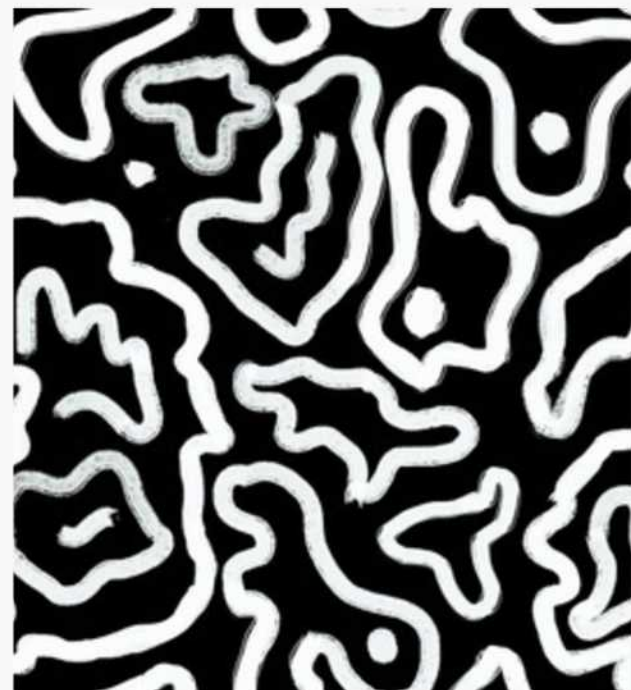

A bold balance of light and shadow, this collection explores contrast, clarity, and timeless design. Delicate lacework and graphic motifs, each pattern speaks in texture, rhythm, and restraint. These monochrome prints layer effortlessly into both modern and vintage inspired spaces, perfect for interiors, fashion, and creative expression that craves impact without excess.
